

SMA Sunny Island X - Technical Training

Grid independence with solar power

Experience next-generation inverter performance — engineered for high-efficiency energy conversion, seamless scalability, and smart battery integration, all in a compact and rugged design.

SMA

Engineered to be future-proof

Ready for On-and Off-Grid
Scalable system design
Compact design and high efficiency

Smart & Flexible

Flexible battery design
Broad battery connectivity
Inverter Modbus interface

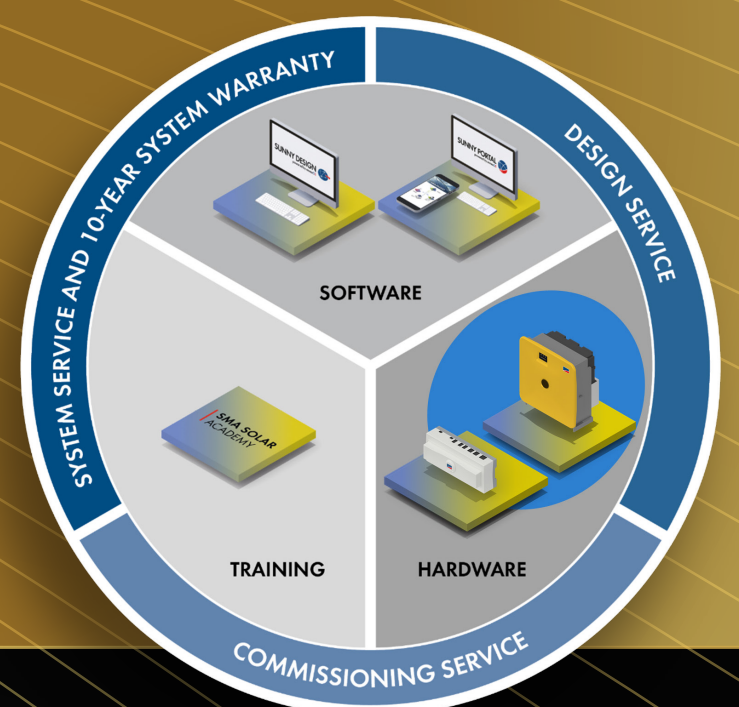

Durable & Sustainable

Wide temperature range
Reliable load supply
Sustainable inverter design

Warranty & Servicing

10 years Warranty
Official Services

Event Details

VE Hotel & Residence

14th of July

9am to 1pm (Lunch Provided)

VE Hotel & Residence

Level M1, The Vertical, Bangsar South City
No. 8, Jalan Kerinchi, 59200 Kuala Lumpur, Malaysia

Event room at Level M3, Venue : EVOLVE Room

Special Guests

Presentation by Technical Expert – **Pelangi Saichu**
Solarhive Representative – **Jessica Lee**
